EXPERIENCE

SpudToddos, West Jordan, UT — Restaurant/Website Manager

June 2016 - PRESENT

I currently manage employees and oversee opening and closing the restaurant, managing food, money, and time. I manage, update, and change the restaurant website to stay updated and enticing.

Murray City, Murray, UT — Lifeguard

February 2015 - August 2016

I observed and attended to the needs of patrons attending the pool. I also made sure the facilities were clean, safe, and up to code.

Project Match, UVU — Programmer

February 2021 - May 2021

This was an internship style program where I accomplished tasks assigned to me through Kanban and often tackled the issues with extreme programming with my partner.

EDUCATION

Utah Valley University, Orem, UT — Associates of Science

January 2020 - December 2021

Applicable Classes: Object-Oriented Programming, Discrete Math 1 & 2, Algorithms & Data Structures

Utah Valley University, Orem, UT — CS Bachelor: Full Stack

January 2020 - Spring 2024 (In Progress)

Applicable Classes: Web Development 1-3, Software Engineering, JavaScript Development, C#NET, Mobile Device Programming, NoSQL

PROJECTS

SpudToddos.com — Website for Restaurant

This is an ongoing project I am in charge of. I keep the website updated with changes made inside the restaurant. I make sure that it fulfills our needs, is understandable, and consistent.
